4. General Updates

- a. Considering community Garage Sale to be held June 26 and 27. Would require folks holding garage sale to be wearing masks as well as those attending. Asking folks to have outside on driveways for added safety due to COVID.
- b. Roads – AGCCA. It has come to our attention that it appears that the roads now show owned by G & G Valley Ridge, LLC. Attorneys original response from June 25th indicating extensive title work has been forwarded to Board members. In order to cut some of the research, Joli located a copy of the deed showing transfer of roadways in 2003 to AGCCA. Upon Inquiry to Lake Co recorder's office, they are sending copy of current deed to Joli. This was recorded with the sale of the golf course. Both documents forwarded to attorney in Sept. On 9/3/20 BOD gave direction to atty to engage title co to do necessary review. Had conference call with attorney to discuss on 12/7/2020 regarding initial results. Attorney to do further research and was given prior golf course owner's attorney information. Communication received 1/29/21. It appears matter regarding roads being worked on with prior owner's attorney. Regarding empty lot on Harbor roads being worked on with prior golf course owner's attorneys. The empty lot on Harbor Ridge and the 2 upfront lots by Trevino, the BOD had additional questions which were sent 2/7/21. BOD's understanding was that those should not have been assessed these taxes and were to review with Lake County.
- c. Empty lot – It has also been noted that the empty lot has been sold for taxes. PIN 01-25-222-015 known as 39862 Harbor Ridge Dr.. Deed from 2003 located and to be forwarded to attorney. Taxes were sent to West Suburban Bank previously. It seems someone had been filing since 2003 for an open space exemption up until the sale of the golf course. On 9/3/20 BOD gave direction to atty to engage title co to do necessary review. See 4 (b). Redemption of taxes for \$4,779.78 took place May 6, 2021.
- d. Same issues for 2 lots at Rt 59 & Trevino which AGCCA has been taking care of since late 2018. With sale of Antioch golf course, appears that property now shows under Valley Ridge. With attorneys Just like b & c above. Redemption of Stonebridge Dr lot and Trevino Lots took place May 6, 2021 for \$1,971.20 and \$3,958.16. Attorneys working with prior owner (Bill Smith) to finalize conveyance of property.
- e. Property at 40055 Harbor Ridge Drive. Homeowner has begun building home on empty lot. On Friday matter sent to attorneys for formal notification to homeowner. Ms Slusarski has told homeowner that his plans need to be reviewed by AGCCA BOD at least 3 times over the last month. Nothing has been received. **BOD authorized attorney to send letter.**
- f. Newsletter – Nothing to report
- g. AGCCA is looking for additional BOD members to work on association matters. Please contact Property management company at mail@apmofil.com indicating your interest.
- h. Per association rules garbage cans are not to be stored outside (by garage door, side of house, etc). Please note this as violations will be sent.
